REFERENCE REPORT OF Mr. IGNACIO BAÑEZ RODRÍGUEZ

Mr. BAÑEZ provided SAP consulting and serious effort for the BASE MODEL Project from June until November of 2005.

Mr. Báñez was responsible of Full designing and building of a model of PS integration with IM-MM-FI-CO modules SAP R/3 V. 4.7 for a future implementation in all countries in technological areas of client CEMEX of cement business area.

With the role of Senior Consultant he was on charge of next phases:

Preparation and planning of all future steps for the integration, including testing and implementation in several countries, training plan and training material, Data migration and support .

Producing Training material for new SAP Users.

Blue Print design, making the analysis of customer requirements, and giving a solution to every requirements.

Customizing and configuration of the System SAP PS integrated with IM, AA, MM, FI, CO.

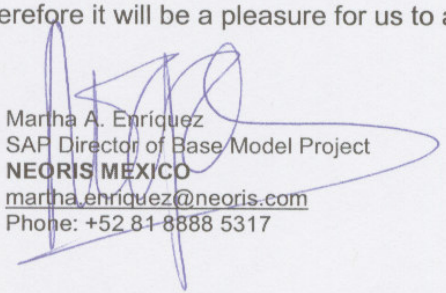

Specific training material producing (courses planning, Presentations and user manuals) .

Giving support to BW implementation.

His experience with the modules and his ability to think in processes were preconditions for holding the milestones. He always finished his work to our fullest contentment.

Therefore it will be a pleasure for us to ask for his service in future again.

P.A.
